## NEWS RELEASE

### **MR. LARRY SMITH JOINS QHR'S HR DIVISION AS CHIEF OPERATING OFFICER**

**January 15, 2009 (QHR – TSX Venture Exchange)** Mr. Al Hildebrandt, President and CEO of the Company, is pleased to announce that Mr. Larry Smith MBA has joined QHR's subsidiary company QHR Software Inc., as the Chief Operating Officer ("COO") effective January 7, 2008. In this role Mr. Smith, has full responsibility for the HR division that specializes in complex, integrated human resources management software targeted at medium to large healthcare and social services organizations.

QHR Software has positioned itself for significant growth in 2009 based on strong sales of its market-leading software. Mr. Smith will assist with realization of this growth. He brings significant experience to his new role and has held leadership roles in three similar organizations in our market sector. Mr. Smith has experience with staff scheduling, payroll and human resources, and financial applications through previous roles with software companies and has been involved in the healthcare IT market place and other market sectors for over 20 years.

Mr. Smith has a B.Sc. in Health Information Science, an MBA (from UBC) and is a Certified Management Consultant (CMC). He was the founding chair of Okanagan Science and Technology Council (OSTEC), a board member of the Central Okanagan Economic Development Council (EDC), was co-chair of the local ACETECH, and a past board member of the Science Council of B.C.

Mr. Smith will strengthen our executive management team and help ensure that the Company successfully executes its business plan that calls for rapid growth over the next year.

For a more complete business and financial profile of the Company, management encourages interested parties to visit the Company's website, [www.QHRtechnologies.com](http://www.QHRtechnologies.com).

#### **Notice regarding Forward Looking Statements**

*This news release contains "forward looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements are indicated expectations or intentions, and are based on assumptions that we can carry out our business model despite current economic conditions and that the market for our products and services will continue to grow. Forward-looking statements in this news release include that we are positioned for significant growth in 2009, that we will have strong sales of our software, that Mr. Smith will assist to realize growth and will help ensure that the Company successfully executes its business plan. These statements are subject to risks that may cause the actual results to be materially different from those expressed or implied by such forward looking statements. Factors that could delay or prevent these statements from coming to fruition include market acceptance of our products, our need to finance growth in a difficult financing market, the possibility that competitors may offer cheaper and/or better products, that we may not be able to reach agreement with any acquisition target, and that despite Mr. Smith's experience his abilities he may not execute in the manner expected. It is not our policy to update forward looking statements.*
